

At Rugs.com, we believe every classroom deserves to feel warm, welcoming, and ready for learning. Through our **Paying It Floorward** program, we've partnered with Partnership Los Angeles Schools to donate brand-new rugs to teachers and classrooms across the Los Angeles community. A great rug can transform a reading corner, calm a classroom, and give students a cozy space to grow. We're thrilled to help make that happen, completely free of charge.

## Free Rug Program – Teacher's Guide

We're so excited to get a beautiful new rug into your classroom! To make sure everything goes smoothly, please follow the instructions below. Rugs must be selected **only** from the special catalog landing pages created specifically for this program. Rugs selected from the main Rugs.com website may not be eligible for this program.

### Why This Process?

We've carefully curated a selection of rugs to make sure every product is in stock and available for the schools we're serving across Los Angeles. By choosing from our dedicated catalog, you help us ensure on-time delivery for all orders - so every classroom gets its rug during our defined delivery window. Rugs outside of this catalog may not be locally available and therefore cannot be guaranteed for this program.

### Key Dates

**Teacher Selections & Order Confirmations: February 20 – March 20, 2026**

After approval, we'll prepare and ship your rug with a target delivery during National Teacher Appreciation Week (May 4–8, 2026).

## What Happens Next?

After we receive your submission, our team will review the details and send you a confirmation email approving your selected rug. The confirmation email may take some time, and we appreciate your patience as we sort through and execute the orders internally. Once approved, your rug will be prepared and shipped with the goal of arriving during National Teacher Appreciation Week (May 4–8, 2026). We can't wait for you to enjoy your new classroom rug!
